Otherwise, the player will inform the WTT Event Supervisor of the event directly that he/she is not going to play (ex. A player is currently playing in Event 1 and cannot participate in Event 2 that is running at the same time. Either he/she informs the WTT Event Supervisor of Event 1 that he/she is not going to participate in Event 2, or he/she contacts by email / call the WTT Event Supervisor of Event 2 that he/she is not going to participate in Event 2).

- Where a player is not onsite because he/she is travelling to the event or intending to travel to the event the day of his/her Qualifying match – he/she will be able to email / call the WTT Event Supervisor to re-confirm their entry by the Qualifying onsite sign-in deadline.

2.16 Wait list

Players/pairs who are not among the Main Draw or Qualifying shall be placed on a Wait list (WL) based on their ITTF TTWR at the respective entry deadline. In case of withdrawal(s) the next player(s)/pair(s), according to the ITTF TTWR at the respective entry deadline, will be added to the respective list and notified by WTT as per 2.10 Player/Pair Withdrawal/Cancellation.

2.17 Special Exempts (SE)

A. Eligibility for Special Exempt

Players may apply to receive a special exempt into the Singles Main Draw of the following week's WTT Contender or WTT Feeder event if they meet the following criteria and apply for it in a timely manner. A player is eligible to apply to receive a special exempt into the Singles Main Draw of the following week's WTT Contender or WTT Feeder event, if the player is unable to compete in Qualifying because they are still competing and cannot be on-time on the date Qualifying begins at that event, subject to the provisions of this section.

- Special exempt is only considered if all conditions below are met:
 - For players still competing in the Singles Main Draw and reaching the semi-finals of a WTT Contender or WTT Feeder event in the current week and are entered into the Qualifying list in the same or higher tier the following week (e.g., Feeder to Feeder or Feeder to Contender, or Contender to Contender).
 - The two events where the player is participating/scheduled to participate are on the same Continent or different Continent with a direct flight/train route of less than 6 hours from the two Events' designated airports/train stations and the player can reach the next event in time to compete in the sole opinion of the WTT Event Supervisor of the next event.
 - Application for the special exempt is submitted on time to the WTT Entries.

B. Number of Special Exempts

One (1) Special Exempt position is available for WTT Contender and WTT Feeder events.

C. Selection of Special Exempt

- Where there is more than one (1) Special Exempt application for the same event, the Special Exempt will be awarded to the highest ranked player based on the ITTF TTWR applied at the time of the entry deadline only for that event.
- If there are no applications for Special Exempt before the Qualifying draw takes place, the Special Exempt spot shall be filled by additional automatic entry from the Qualifying list.
- If the Special Exempt occurs after the Qualifying draw takes place or after the start of Qualifying and before the match of the "SE" player, the player may be withdrawn from the Qualifying draw and replaced with a player from the Wait List. If there is no player on the Wait List or no Wait List player on-site, then the position is a bye.

D. Special Exempt Process

1. A list of possible eligible players is compiled by WTT Entries prior to the commencement of the quarterfinals of the current event for the next event.
2. The list of possible eligible players is supplied to the WTT Event Supervisors where the players are competing. The WTT Event Supervisors need to contact each player to inquire if the player is interested in the Special Exempt position and then contact WTT Player Relations immediately following the player decision to remove themselves from consideration for any event for which they are eligible.
3. If the player is interested, WTT Entries coordinates with the WTT Event Supervisors at both events until the Special Exempt position is filled.
4. The deadline for a player to declare their intent to accept a Special Exempt, if eligible, is no later than one (1) hour following the completion of their winning quarterfinal match that qualified them for a Special Exempt. Once a player has declared their intent to the WTT Event Supervisor, the player shall be considered as accepting the Special Exempt and will be subject to the applicable withdrawal/late withdrawal penalties.

If the Main Draw is to take place before a potential "SE" player plays their quarterfinal, and after Qualifying has been completed, then such place shall be drawn in the same manner as Qualifier, i.e., eight (8) qualifiers ("Q") and one (1) "SE". Each of the nine (9) spots is marked "Q/SE." As soon as the "SE" match result is known, either the "SE", or the one (1) lucky loser from Qualifying (if the "SE" declines) is randomly drawn and inserted into the Main Draw.

2.18 Host Wildcards, WTT Nominations, WTT Youth Nominations

a. A Player who is in the Top 20 at the singles entry deadline can be awarded a Host Wildcard only for the Main Draw.

b. Host Wildcards, WTT Nominations and WTT Youth Nominations can be awarded to players/pairs with NER status as follows:

- Players/pairs who are in NER status in Main Draw can be awarded Host Wildcards only for the Main Draw.
- Players/pairs who are in NER status in Qualifying can be awarded Host Wildcards either for Main Draw or Qualifying.
- WTT Nominations or WTT Youth Nominations can be awarded to any player regardless of their NER status.
- WTT Nominations/Youth Nominations shall not be awarded to players already entered in a higher Tier Event.
- Players/pairs in Wait List can be awarded any Host Wildcard, WTT Nomination, or WTT Youth Nomination into the sub-event.
- A player/pair not entered at the time of the entry deadline can be awarded any Host Wildcard, WTT Nomination or WTT Youth Nomination if eligible.
- For WTT Contender Series events the EO shall be permitted to use two (2) of its allocated wildcards to nominate additional players from within the Top 20 to participate in the event. However, these wildcards shall be counted towards the NER allocation if these players are from the EO Member Association.
- For WTT Feeder Series Host Wildcards can be used only for players outside the Top 30 of the ITTF TTWR.
- WTT Nominations are excluded from the WTT Feeder Series Play Down Restriction Rule.

A qualifier or Lucky Loser (if known before the draw commences) shall not be drawn to play another qualifier or Lucky Loser in the first round of the Main Draw. If after the draw is completed and there is a need to include a Lucky Loser, this Lucky Loser may play an opening match against a Qualifier.

Following the completion of Qualifying, the Main Draw shall be updated to show the players who have progressed from Qualifying ("**Qualifiers**") and Lucky Losers (if any). These players shall be ranked by ITTF TTWR and placed into the Main Draw undertaking normal draw procedures from top to bottom to fill in the empty spots.

Lucky Losers (LL) are players/pairs who are drawn in the Main Draw to fill empty spots after they have been eliminated from the Qualifying and they have confirmed their availability with the WTT Event Supervisor signing a lucky-loser sign-in sheet and in any case not later than thirty (30) min after the completion of Qualifying to be “eligible” Lucky Losers (“**Onsite Lucky Loser Sign-In**”) and be available on site to play their match. The LL(s) positions in the Main Draw will not be released until the completion of Qualifying.

The following procedures shall be followed:

- b. If there are two or more players/pairs who are unranked the order will be decided by lot.
- c. If the number of empty spots in the Main Draw exceeds the number of players/pairs who lost in the final round of Qualifying, players from the previous Qualifying round who are onsite and confirmed their availability to the WTT Event Supervisor will be added based on the above conditions.
- d. The LL(s) will be drawn together with the qualifiers by random to fill in the empty positions in the Main Draw from top to bottom.

 - a. A LL fills in the empty position.

The LL(-s) who confirmed their availability shall be ready anytime on site to compete in case a withdrawal happens before the end of the 1st round of Main Draw. The WTT Event Supervisor is responsible to inform the confirmed LL(-s) who are drawn in the Main Draw and re-schedule the affected match(-es) if the timeframe and the schedule permits.

3.4.2 Withdrawal from Qualifying

The vacant position of the withdrawn player/pair shall be filled by the highest ranked player/pair(s) from the Wait list who has already done the 'Qualifying sign-in'. In case the cancelled player/pair has a bye in the first round of Qualifying, the next highest ranked player/pair from the Qualifying who should get a bye shall fill in the empty spot otherwise the match will be Walk Over (W/O).

3.5 Place

The draws, which the public may be permitted to attend, are to be conducted by the Referee with the help of the WTT Event Supervisor at a place selected by the Event Director, in consultation with the WTT Event Manager or the WTT Event Supervisor. Whenever possible, all draws should have a player or a coach present to witness the making of the draw, however, if no one is available, the Referee together with the WTT Event Supervisor may perform the draw.

The Referee, in agreement with the WTT Event Supervisor, is responsible to decide if alterations or a complete re-draw is necessary to take place.

Except as provided in 3.4, no other alterations shall be made to the draw of an Event after it has commenced.

4. GENERAL SCHEDULE

WTT shall collaborate with the EO to determine the schedule of matches including the number of playing sessions, number of event days, number of matches per day and session start times. 6. CODE OF CONDUCT ON SPORTS BETTING FOR PLAYERS, COACHES AND OFFICIALS

This Rule 6 sets out the guiding principles for all players, coaches, and officials (technical, team and administrative) on the issues surrounding the integrity of sport and betting.

Guiding Principles:

1. Be Smart: know the rules.
2. Be Safe: never bet on table tennis.
3. Be Careful: never share sensitive information.
4. Be Clean: never fix an event.
5. Be Open: tell someone if you are approached.

6.1 Be Smart: know the rules

Find out the sports betting integrity rules of the ITTF and your Member Association, team, club, Athletes' Commission, competition, and your country's laws, before the start of each season so that you are aware of the ITTF's most recent position regarding betting. Many sports and countries either have or are developing regulations on sports betting and you need to be aware of these – even if you do not bet. If you break the rules, you will be caught and risk severe punishment including a potential lifetime ban from table tennis and even being subject to a criminal investigation.

6.2 Be Safe: never bet on table tennis

Never bet on yourself, your opponent or table tennis. If you, or anyone in your entourage (coach, family members, etc), bet on you, your opponent or table tennis, you risk being severely sanctioned. It is best to play safe and never bet on any events within table tennis including:

- never betting or gambling on your own matches or any competitions (including betting on yourself or your team to win, lose or draw as well as any of the different side-bets);
- never instructing, encouraging or facilitating any other party to bet on table tennis;
- never ensuring the occurrence of a particular incident, which is the subject of a bet and for which you expect to receive or have received any reward;
- never give or receive any gift, payment or other benefit in circumstances that might reasonably be expected to bring you or table tennis into disrepute.

6.3 Be Careful: never share sensitive information

As a player or official you will have access to information that is not available to the public, such as knowing that a star player is injured or that the coach is putting out a weakened side. This is considered sensitive, privileged or inside information. This information could be sought by people who would then use that knowledge to secure an unfair advantage and make a financial gain.

There is nothing wrong with you having sensitive information; it is what you do with it that matters. Most players know that they should not discuss important information with anyone outside of their club or coaching staff (with or without reward) where the player might reasonably be expected to know that its disclosure could be used in relation to betting. The same applies to Officials.

6.4 Be Clean: never fix an event

Play and officiate fairly, honestly, and never fix an event or part of an Event. Whatever the reason, do not make any attempt to influence adversely the natural course of a table tennis event or part of an Event. Sporting competitions must always be an honest test of skill and ability and the results must remain uncertain. Fixing an Event, or part of an event goes against the rules and ethics of sport and when caught, you may receive a criminal prosecution and a lifetime ban from table tennis.

Do not put yourself at risk by following these simple principles:

- Always perform to the best of your abilities (play to your potential and umpire fairly).
- Never accept to fix a match. Say no immediately. Do not let yourself be manipulated - unscrupulous individuals might try to develop a relationship with you built on favours or fears that they will then try to exploit for their benefit in possibly fixing an event. This can include the offer of gifts, money, or other support.
- Avoid addictions or running up debts as this may be a trigger for unscrupulous individuals to target you to fix competitions. Get help before things get out of control.

6.5 Be Open: tell someone if you are approached

If you hear something suspicious or if anyone approaches you to ask about fixing any part of a match then you should tell the Athletes' Commission, the WTT officials (WTT Event Manager or WTT Event Supervisor), the Referee, the Umpires and Referees Committee (if you are a technical official) or someone you trust straight away. If someone offers you money or favours for sensitive information, then you should also tell the ITTF or Athletes' Commission. Any threats or suspicions of corrupt behaviour must always be reported. The police and national laws are there to protect you. Your club, your Member Association or your Athletes' Commission will help. If in doubt as to who to contact, email: integrity@ittf.com

9.5. WTT is authorised to obtain collection of all overdue fines along with costs, if any, by all reasonable means, including deduction from any subsequent prize monies or legal proceedings, as may be deemed necessary and appropriate.

11.4 The appeal to the Compliance Panel should be filed within fourteen (14) days from the day they received the petition response notification, or the major offence notification and an appeal fee must be paid as follows:

USD \$1,000, for appeals related to Chapter 4. breaches,

USD \$2,000 for appeals related to Chapter 5. breaches.

11.5 In case the fine is amended, i.e. abolished or lowered, compared to the original fine/sanction notification, the fee is refunded to the concerned party.

11.6 The Compliance Panel will conduct a thorough review of the appeal, which may include a hearing of, but not limited to the player, consider all evidence presented, and make a final decision based on the merits of the case, which should be communicated within twenty-eight (28) days.

11.7 The WTT Compliance Panel has the original or appellate jurisdiction to hear and decide any alleged infringement of any provision or such other claims arising from any provision under this Code.
